MEMORANDUM

Subject: Declaration of Delivery Points for RMNCH+A Services

Provision of 'continuum of care' in the areas of Reproductive, Maternal, Newborn, Child & Adolescent Health (RMNCH+A) services is deemed to address major causes of mortality among women and children as well as the delays in accessing and utilizing health care and services. It has been accordingly decided that such public health facilities which were categorized to have conducted deliveries above the minimum benchmark specified for each level of facility based on actual average number of deliveries being conducted per month, be formally declared as Delivery Points (DPs).

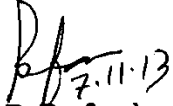

2. The list of public health facilities declared as DPs [**Enclosed as Annexure-I**] specifying its functional level is as per the State specific standard criteria described hereunder:-

- (i) Level-1 Facilities: Health Sub-Centres (HSCs) reporting >2 deliveries/month.
- (ii) Level-2 Facilities: PHCs & Non FRU-CHCs & SDHs reporting >6 deliveries/month.
- (iii) Level-3 Facilities: (a) First Referral Units (FRUs) at CHCs/ SDHs reporting >20 deliveries/month including management of complications & C-Sections.
- (b) District Hospitals reporting >30 deliveries/month including C-Sections, State Hospitals & Medical Colleges reporting >50 deliveries/month including C-Sections

3. All concerned facility in-charges are, therefore, requested to sustain their ongoing efforts to provide the specific range of services as communicated vide this Department's Memorandum No.F.3 (5-302)-FWPM/SHFWS/2011 dated 15th November 2012 [**Copy enclosed as Annexure-II**] to fulfill the implementation of comprehensive RMNCH+A services at their respective facility.

4. Concerned Chief Medical Officers are also requested to take necessary initiatives to identify and address facility specific gaps/needs [viz. infrastructure, human resource, equipments, drugs supplies, logistics etc.] through regular analysis and review of performances of all the designated DPs in the district to ensure its optimal functioning. Further, concerted initiative to maintain its functional status would be pre-requisite for subsequent updating/adding up DPs.

Encl: As Stated.

No.F.3 (5-302)-FWPM/SFWS/2011
HEALTH & FAMILY WELFARE DEPARTMENT
GOVERNMENT OF TRIPURA

15th
November 2012

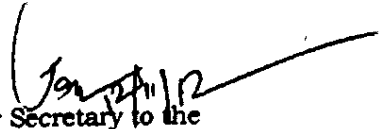

MEMORANDUM

Subject: - Range of services for delivery points.

Under implementation framework for conditionalities and incentives detailed in Records of Proceedings (ROP): 2012-13 of the National Programme Coordination Committee (NPCC) meeting held by the Ministry of Health & Family Welfare, Government of India, it has been decided to specify range of services required to be delivered at public health facilities which have been categorized as delivery points in RCH context. As a part of fulfillment for facility wise performance audit and taking corrective action based thereon, range of services has been accordingly specified and enclosed at Annexure-I for reference and guidance.

2. Compliance to the range of services as has been determined in State's context is essential to ensure incentivization upto 2½% of MFP (Mission Flexi pool) under National Rural Health Mission (NRHM). Non-compliance of the same would lead to reduction upto 2¼% of MFP. All concerned are, therefore, requested to ensure delivering the specified range of services especially at the identified delivery points to improve performance in maternal and neo-natal health (MNH), IPD, OPD and other service.
